DETAILED ACTION

Election/Restrictions

Restriction to one of the following inventions is required under 35 U.S.C. 121:

- I. Claims 1-16, drawn to a method for modulating neurogenesis, classified in class 514, subclass 12.
- II. Claims 17-25, drawn to a method for modulating neurogenesis, classified in class 514, subclass 12.
- III. Claim 26, drawn to a method for increasing the intracellular cAMP, classified in class 514, subclass 12.
- IV. Claims 27-31, drawn to a method of stimulating intracellular cAMP, classified in class 514, subclass 12.
- V. Claims 32-37, drawn to a method for modulating neurogenesis, classified in class 514, subclass 12.

The inventions are distinct, each from the other because of the following reasons:

Inventions I-V are unrelated. Inventions are unrelated if it can be shown that they are not disclosed as capable of use together and they have different designs, modes of operation, and effects (MPEP § 802.01 and § 806.06). In the instant case, the different inventions I-V are unrelated because they refer to distinct methods that have different starting and ending points, utilize different substrates, have different steps and different modes of operation. Therefore, the inventions are distinct.

Therefore, it would be an undue burden to examiner to search for these distinct inventions at the same time.

Further, note that the prohibition against double patenting, rejections of 35 U.S.C. 121 does not apply where the restriction requirement is withdrawn by the examiner before the patent issues. See MPEP § 804.01.

Applicant is advised that the reply to this requirement to be complete must include an election of the Invention to be examined even though the requirement be traversed (37 CFR 1.143).

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Agnes Rooke whose telephone number is 571-272-2055. If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Kathleen Kerr Bragdon can be reached on 571-272-0925.
